

NAVIGATION I - Scale Ruler Exercises

Exercise 1 Take the scale rulers provided and determine the distance in both **statute** (sm) & **nautical** (nm) miles from Collingwood Airport to Muskoka Airport on the Toronto VNC Chart.

Remember to read the values on the **outside edges** of the rulers.

		Ex. 1	Ex. 2
Toronto VNC Series	sm	_____	_____
(1:500,000)	nm	_____	_____

Exercise 2 Now do the same measurements from Muskoka Airport to Lindsay Airport.

Don't bend the rulers!!

Exercise #3 (Time Permitting) – Do the route from Orillia / Lake St. John Airport to Owen Sound (Billy Bishop Airport)

Exercise #4 (Time Permitting) - Determine the Latitude & Longitude of all of the above airports.
